2. Thou Shalt support my right to be heard, but to shout down, talk over, disrupt in any voice or narrative I disagree with, but not you, Because I'm Entitled.
3. Thou Shalt support my right to protest by violence, destroy, loot, and vandalize other people's property for any reason, I believe is unjust without retaliation against me, Because I'm Entitled.
4. Thou Shalt support my right to violate the laws of a sovereign nation without consequences and to be illegally shielded, and protected by some of its citizens Because I'm Entitled.
5. Thou Shalt allow my murder, rape, and molestation, kidnap, torture, imprisonment of any man, woman, or child in the most cruel vicious, vile heinous, disrespectful way but I should be spared from serious consequences or the death penalty, Because I'm Entitled.
6. Thou Shalt only believe that the lives of that race or color matters, Because I'm Entitled.
7. Thou Shalt support my choice, my right to terminate the taking of an unborn human life, regardless of its stage of development to reaching total maturity, and delivery in the birthing process, Because I'm Entitled.
8. Thou Shalt allow me not to vote, "I'm too busy" and other excuses' or to vote uninformed on the issues and candidates and let me vote how my party instructs me, they're never wrong, and I'm too important (or other rationale) to become informed to think and reason for myself Because I'm Entitled.
9. Thou Shalt not be judgmental of my rude, dangerous, reckless behaviors brought on by using drugs or alcohol, while driving, speeding, texting, weaving in and out of traffic, putting other lives at risk, it's a wonderful high for me, Because I'm Entitled.
10. Thou Shalt all me some slack for habits of mine you find obnoxious and annoying, such as PDA, talking very loudly on my cellphone in very public places (like restaurants), for all to hear. Allowing me to cut in line ahead of you, because my time is precious and I'm more important than you and anyway, Because I'm Entitled.
