

POINTING FINGERS

I've heard it said; When you point the finger to Blame, Remember there's four pointing back at you.!

Loons on the Left,

Rads on the Right,

Dullards in the Middle,

All they do is SNIPE!

They all think they're right,

so they exaggerate their lies.

They all point and blame and

exaggerate their claims, when

really everyone equally shares

the shame, because they all go

around pointing fingers and

playing the NIGYSOB* Game.

P.S. Is it any wonder why Media

and Congressional leadership

has the lowest ratings and public opinion ever historically.
